To find the street on the microfilm reel you will need to know the reel No (though this only applies to the microfilms at Wolverhampton Archives and Local Studies - not to any other copies stored elsewhere) as well as the Piece No. and the Folio No. The Piece No. refers to the Public record Office Number and can be found by the side of each census page. The Folio No. is the number stamped on every other page. The page without a folio number stamped on it is actually the back of the previous page. The Folio number refers to both pages - the front and the back.

To find the street on the microfilm reel you will need to know the reel No (though this only applies to the microfilms at Wolverhampton Archives and Local Studies - not to any other copies stored elsewhere) as well as the Piece No. and the Folio No. The Piece No. refers to the Public record Office Number and can be found by the side of each census page. The Folio No. is the number stamped on every other page. The page without a folio number stamped on it is actually the back of the previous page. The Folio number refers to both pages - the front and the back.
